Adam & Blake at **WAR** over Levine's firecracker wife

BLAKE Shelton's dynamic duet with "The Voice" co-star Adam Levine has hit a sour note!

A vicious war has erupted between the musicians after Blake, 39, crooned crass things about Adam's wife, Behati Prinsloo, after he was asked in an interview which coach he'd swap lives with!

"I would pick Adam because he's married to a supermodel. Need I say more?" boasted Blake of Victoria's Secret sexpot Behati.

Pressed about Adam's reaction, he bellowed: "I don't give a f--k. That's who I'm picking, and it's because

of his wife. Period."

The declaration had Adam, 36, seeing red, sources on the set of the hit TV show told The National ENQUIRER.

"Blake crossed the line," said our mole. "Adam has tolerated his crude come-ons

and incessant flirting with Behati. But no more!"

The Maroon 5 frontman confronted Blake, accusing him of being jealous of his solid marriage to 26-year-old Behati, sources said.

"He really lit into him, bark-

ing that maybe he'd still be married if he wasn't always chasing skirts," said an insider. "The guys were in each other's faces!"

Boozing Blake declared he'd been on a "divorce diet" in the wake of his sudden split from

DOUBLE JOY for Sofia as she plans for twins!

SOFIA Vergara's ready for her own "Modern Family" — and she's not letting embryo wars with a troublemaking ex-fiancé stand in her way!

Sofia, 43, has been legally blocking Nick Loeb from accessing their two previously frozen test-tube embryos.

But the "Modern Family" star is ready to freshly hatch twins with new, soon-to-be husband Joe Manganiello, 38,

sources revealed.

"Sofia has her heart set on having twins with Joe," an insider told The National ENQUIRER.

"They're interviewing surrogates. Joe couldn't be more excited.

"The chances of having twins increase with in vitro fertilization (IVF). But both feel two babies would be perfect."

Sofia, who'll be tying the knot in a lavish ceremony with the

"Magic Mike XXL" heartthrob this November in Florida, admitted she's worried about conceiving at her age, and recently revealed: "I'm really borderline at my age to do it. And if I'm going to do it, I would need a surrogate. I'll need help. But I don't mind it; it's fine."

Friends have said she is desperate to move on from the controversial drama surrounding the two embryos

singer Miranda Lambert, 31, after four years of marriage.

But behind the scenes, he's been living large, revealed sources.

"Adam is particularly grossed out by Blake's horn-dog ways," the insider added.

"But when he confronts Blake, he says he's just joking and tells him to take a chill pill."

With Behati involved, Adam isn't laughing.

"Tension is running sky high at 'The Voice,'" the source warned **THE ENQUIRER**.

"Blake and Adam could come to blows if Blake doesn't back off of Behati!"

And Adam's not the only one on the show who's been threatening to beat Blake into submission!

"The Voice" pal Gwen Stefani has cozied up to Blake since her split from Gavin Rossdale, and is after him to change his self-destructive habits. She's torturing Blake into giving up booze, insiders told **THE ENQUIRER**.

"He's so smitten, he'd do anything for her — including change his errant ways," a source added.

she'd frozen while engaged to Nick, who filed court papers claiming rights to them earlier this year.

Sofia maintains Nick's claims have no basis.

The Colombian actress, who proudly watched grown son Manolo graduate from college, now looks forward to starting a family with Joe.

"Sofia and Joe would love to have a baby — or two — on the way by Christmas! It would be the greatest gift," said the source. "Everyone's bubbling over with excitement!"

THE COLD-blooded killer who gunned down Bill Cosby's son has written to The National ENQUIRER admitting the shocking crime — but left unanswered the many questions about an alleged assassination plot.

Mikhail Markhasev, a Ukrainian immigrant with possible mob ties, shot and killed Ennis Cosby, 27, on Jan. 16, 1997, in what investigators called a robbery attempt near an L.A. interstate.

The ENQUIRER went directly to the source to find out if he was actually hired to rub out Ennis on Cosby's direction to prevent his son from revealing the comedian's love child, as alleged in a blockbuster book.

"Ennis' only fault was in being in the path of a wicked idiot like myself," Markhasev, now 36, told The ENQUIRER in a letter sent from the Corcoran State Prison in California.

"The senseless tragedy of his untimely death and the sacred sorrow experienced by his family is something that I hope you will never have to experience, and yet

What's more she's stopped wearing the prosthetic finger she's always used to cover the tip of her left index finger, which she lost in a childhood accident.

Her overinflated upper lip and swollen eyes are the disastrous effects of too much surgery, said

a cosmetic surgery expert contacted by The National ENQUIRER.

"Daryl has always had more than her share," said Dr. Lyle Back, a Philadelphia plastic surgeon. "Too much filler in the cheeks and face, just too much filler pumped into the lips, and painfully overdone eyelid lifts!"

"Her forehead, brow and eyebrows have really collapsed, creating a very masculine look."

COSBY SON KILLER'S CHILLING CONFESSION!

Mikhail Markhasev writes to **ENQUIRER** ... but refuses to say if Bill ordered the hit

Ennis and his father

Dear Mr. Montoro, 11:45 AM September 16th 2015

Your letter took two months to get to me, and it must've been quite a discussion with your friends, if you went through the trouble of writing me, a sinner.

Ennis's only fault was in being in the path of a wicked what like myself. Nothing more. The saddest tragedy of his untimely death and the sacred sorrow experienced by his family is something that I hope you will never have the experience, and yet it happens daily in the world—seemingly arbitrarily, yet ever maliciously, perpetuating wide ripples of pain and agony for everyone affected...

As for Mr. Cosby, He showed me much mercy which I didn't deserve, and I'm praying for him, for his family and all of the women. There's a Russian saying: "One doesn't become holier through the sins of others." In other words, I must focus on my own messes and remember that on judgement day I will have to answer for my evil—not the sins of others—and that God doesn't grade on a curve. If I am truly repentant, then I will not have the time or the desire to worry about who is doing what—my own disastrous past and present will be my fulltime occupation.

Thank you for bearing with me. You're in my prayers, and may Christ the Lord bless you, your family & friends with His mercy.

Sincerely, from sunny Cocoran,
Mikhail Markhasev.

it happens daily in the world," he wrote.

Markhasev, who is serving life in prison, wrote his evasive response after receiving a letter from The ENQUIRER that directly asked him if he was hired to knock off Ennis.

In an explosive tell-all book titled "Cosby's Love Child" author Jewel Star, the aunt of Cosby's illegitimate daughter Autumn Jackson, described the assassination plot.

According to the book, Au-

tumn told Jewel: "Cosby might have had Ennis murdered because he had found out about me!"

Two days after Ennis was found dead, Autumn was arrested for trying to extort \$40 million from Cosby in exchange for her silence.

Also arrested in the plot were Jose "Yosi" Medina, the alleged ringleader, and a Russian named Boris Saban.

The revelation could be another black eye for the ►

COSBY SON KILLER'S CHILLING CONFESSION!

disgraced comic, who stands accused of raping and drugging dozens of women over several decades.

The 78-year-old has declared his innocence but still faces possible sex crime charges in California and Pennsylvania.

Private eye Dan Hanks, who investigated the killing, said Markhasev probably didn't want to say too much in the letter because prison guards routinely read them!

He also told The ENQUIRER that he knew Markhasev prior to the murder because the then 18-year-old worked at a garden supply store the private eye shopped at.

"I got to see him in another light — why he was out there makes no sense to me because this guy had a job. It wasn't like he was homeless looking for someone to rob," he said.

"Why was the guy on the same (Interstate) off ramp as Ennis Cosby?"

MARKHASEV WAS captured two months after the murder when The ENQUIRER posted a \$100,000 reward and one of his friends ratted him out.

Susan Constantine, a lead-

ing body language expert in human behavior, studied Markhasev's letter, and said the convict is hiding the complete truth about his role in the murder.

"He's using the third person to kind of move and shift everything away from the core issue of what happened that day," she told The ENQUIRER. "It's very flagrant."

In another revealing twist, Markhasev actually shows sympathy for Cosby.

"As for Mr. Cosby, he showed me much mercy which I didn't deserve and I'm praying for him, for his family and all of the women," he wrote.

AND IN A cryptic message referring to Cosby's sexual assault woes, he penned: "There is a Russian saying: 'One doesn't become holier through the sins of others.'"

Constantine said the reference to Cosby is "interesting" because it shows Markhasev is relating to Cosby in an odd "sinister connection."

"He's (Cosby) showed mercy on me. I'm showing mercy on (Cosby) him. We are equally praying for each other — we're both in this together." **NE**

Rebel Chelsea never felt loved: source

ROSIE DAUGHT SUICIDE

LIFE with Rosie O'Donnell was a "house of horrors" for her adopted daughter Chelsea!

The troubled teen even considered suicide while living under the roof of the loudmouth former talk show host who left "The View" last year, according to a source who spoke exclusively to The National ENQUIRER.

Chelsea made the decision to move out when she turned 18 on Aug. 20 and is now living with her convicted heroin dealer boyfriend and his family in a home on the Jersey Shore.

"When Chelsea wasn't shipped off to boarding schools by Rosie, the two fought bitterly and Chelsea was so unhappy she even contemplated taking her own life!" said the source.

"Fortunately, she made it to her 18th birthday when she was legally free to walk out."

Only weeks before, Chelsea ran away from Rosie's South Nyack, N.Y., home and was later found by police at the home of her beau, Steven Sheerer, 25, who faces up to five years in jail on an obscenity charge related to the incident.

Truth behind wife Michelle's collapse

ROSIE O'Donnell is publicly taking credit for helping police rescue her estranged wife Michelle Rounds from a suicide attempt — but a source told *The ENQUIRER* “big bully” Rosie was actually responsible for causing the incident!

“Rosie got word that Michelle wanted to bring a new lawyer into their nasty divorce and custody battle and she went ballistic,” said the source.

“She viciously threatened that Michelle would never see their adopted 2-year-old daughter Dakota again and drove the poor woman into almost taking her life!

“It takes some nerve on Rosie’s part to then come out and plant stories in the media that thanks to her, Michelle is alive!”

Following Rosie’s threat, *The ENQUIRER* learned a depressed and despondent Michelle checked into a room at the DoubleTree Hotel in Nanuet, N.Y., near her home.

While Michelle later claimed she suffered a reaction to medication, a hotel source said Michelle “wanted to kill herself”

their fights, Rosie went as far as to slap Chelsea! Rosie has a bad temper and wigs out easily.”

The *ENQUIRER* contacted Rosie’s publicist Cindi Berger about the source’s claims in this story, but Rosie had no response.

Added the source: “Some might think Chelsea is worse off now, living with a guy who was arrested for heroin dealing and child endangerment and who served time. But for the first time in her life, she finally feels loved.”

Murder victim Lana
KILLED HERSELF,
says her best pal!

Lana and best friend Irene
in happier days

**'RELEASE
SPECTOR!'**

MURDEROUS music legend Phil Spector should be set free — that's the shocking plea from the best friend of the actress Spector is convicted of killing!

In a dynamite exclusive interview with *The National ENQUIRER*, Irene "Punkin Pie" Laughlin said she was with doomed Lana Clarkson just before she died, and insisted the legendary record producer is rotting in a cell on trumped-up charges!

"I believe there is an innocent man sitting in prison," Irene told *The ENQUIRER*.

"There was never evidence to prove that Phil pulled the trigger! There was no evidence on him, there was no blood on him. How do you do that?"

Irene has rocked Hollywood by claiming Spector's alleged victim was suicidal over her fading acting career and she believes Lana pulled the fateful trigger herself!

Lana was found dead inside Spector's mansion outside Los Angeles on the morning of Feb. 3, 2003. The 40-year-old blonde was slumped in a chair with a handbag around her shoulder, dead from a single gunshot to her mouth.

Earlier that evening, Spector had picked up the struggling actress while she was working as a hostess in the VIP room at the House of Blues on Sunset Boulevard.

It was a job that Irene said drove her friend to the point of killing herself — as she learned during a disturbing phone call from Lana the day before her death!

"She started bawling," recalled Irene, who Lana

A photo from the crime scene shows a revolver at Lana's feet

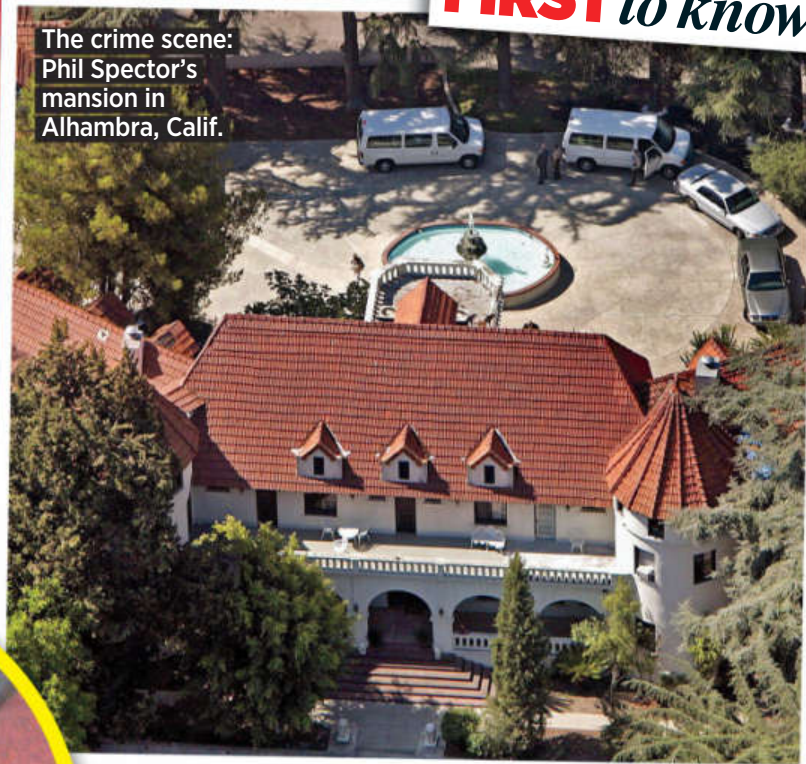

called "Dolly."

"Lana said, 'Dolly, I can't take this two-faced f--king town anymore! I don't want to live! I'm going to get a gun, and I'm going to blow my f--king brains out!'"

Irene later testified in Spector's defense at trial, and recounted for The ENQUIRER how she had witnessed Lana's downward spiral in the months before her death.

Lana, who had small roles in "Scarface" and "Fast Times

The crime scene: Phil Spector's mansion in Alhambra, Calif.

at Ridgmont High," had gone through a series of failed auditions, often followed by pill-popping binges that triggered severe depression.

"For Lana, it was real difficult, because it was the first time in her life that she had to go and get a job," said Irene. "At first, she was really excited about working as a hostess ... but two weeks after, it started weighing on her that she's now pulling out chairs for people who used to cast her in movies and commercials!"

Lana was also recovering from a devastating mental breakdown suffered about a year before her death.

Irene, now 57, had even resorted to inviting Lana out to nightclubs so she could eat.

The former L.A. club promoter also revealed she had seen Lana snorting cocaine and taking pills hours before she ended up being invited back to Spector's home.

Irene would soon learn of her friend's tragic death from Lana's mother.

"When I heard there was a gunshot involved in the death," said Irene, fighting back tears, "all I could think about was Lana's phone call — and 'dear God, oh no!'"

Spector — who oversaw hits for The Beatles and Cher — is serving 19 years to life in prison. Angry friends of Lana claimed Irene was paid off by the 75-year-old Grammy winner to declare his innocence.

Irene, however, has suffered her own hardships. She has been diagnosed with lupus, and is on the verge of losing her home in Redondo Beach, Calif.

"I've gone through a living hell because of this trial, and because my best friend died after telling me what she told me," Irene said.

"But I still think Phil Spector deserves a new trial!" **NE**

BEAUTY QUEEN'S DRUG CARTEL NIGHTMARE!

TRUEcrime

Ali devastated by **family murders** in Mexico

FORMER beauty queen Ali Landry is caught up in a horrific drug cartel-related double murder investigation.

The 42-year-old 1996 Miss USA and famous Doritos Girl pitchwoman collapsed in shock after learning that her brother-in-law and father-in-law were kidnapped for ransom and brutally slain in a lawless area of Mexico.

"Ali is beside herself with grief. She's waiting to hear from investigators what went wrong," a source told

The National ENQUIRER.

The bombshell — who has three kids with husband, acclaimed director Alejandro Gomez Monteverde — was told her husband's relatives vanished on Sept. 4.

Alejandro's brother, Juan Manuel Gomez Monteverde, and father, Juan Manuel Gomez Fernandez, were heading from their Gulf coast home in Tamaulipas to their ranch 10 miles away

Alejandro with Ali and, left, with his father, Juan Manuel

in Veracruz when they were abducted.

Though local TV reported the kidnappers had been paid off, they refused to set their captives free. Instead, the father and son were found dead 16 days later in a

rural area near Veracruz. Authorities said they both died of severe head injuries.

As Ali and Alejandro come to terms with the family shocker, investigators have zeroed in on crucial CSI clues in a car they found that is believed to have been used by the kidnappers. But Ali's brother-in-law had links with mobsters at an eatery in the area — which is in a known cartel stronghold — that likely got him and his dad killed, sources said.

AMAN lost an argument with his girlfriend in grisly fashion when she bit off his testicles!

The spine-tingling case began when cops were called to a Jacksonville, N.C., home for a domestic dispute and discovered the bloodied and beaten boyfriend had just been the victim of a below-the-belt assault!

"He had marks on him that appeared to be bite marks," said Chris Thomas of the Onslow County Sheriff's Office, adding that the bloody wounds "went along with the story he gave of bites on the arm, chest and other areas." Those "other areas" were the unnamed victim's most prized possessions — or as the police report described it: "Tes-

ticles torn open by biting."

The victim received stitches and will recover but has suffered "permanent damage." The girlfriend, Martinne Delavega, 51, faces a felony charge of "malicious castration and assault."

Meanwhile, her boyfriend has said it "was a misunderstanding." We'd hate to see what happens when they fight! **NE**

CLINTON 'AT DEATH'S DOOR' AS SECRET REVEALS BRAIN CANCER & MULTIPLE HILLARY: WHITE HOUSE

ENQUIRER EXCLUSIVE

FAILING health and a deadly thirst for power are driving Hillary Clinton to an early grave, The National ENQUIRER has learned in a bomb-shell investigation.

The desperate and deteriorating 67-year-old won't make it to the White House — because she'll be dead in six months, sources told The ENQUIRER.

Amazingly, her ultra-competitive husband is the one pressuring her to stay on the campaign trail despite her decline!

"Cruel Bill would rather see her drop than miss a single vote," a source told The ENQUIRER. "Hillary shouldn't be on the campaign trail — she should be home making out her will!"

Shocking details from a new book and Hillary's "secret medical file" show the presidential candidate is a ticking time bomb whose life is about to expire.

But Hillary's camp — desperate to win the Democratic nomination — is engaging in a massive cover-up about her health.

Hillary, seen leaving the hospital after her 2012 blood clot, is being pushed by her husband to continue her run for presidency

Her campaign declared in July that Hillary had made a "complete" recovery from her 2012 brush with death, when she fainted and tests discovered a blood

clot was blocking a vein in her brain.

But author Edward Klein revealed in his blockbuster book, "Unlikeable: The Problem with Hillary," that the former First Lady is not telling "the full story" and admits she often gets "dizzy" and "woozy" behind the scenes.

A source in his book said: "She's risking her health each day."

Her "secret medical file" shows that during her hospitalization three years ago in New York, doctors believed she

SHE won't make it to the White House!

That's the belief of Bill Clinton's former top aide Larry Nichols.

"Hillary should pull the plug immediately on her foundering campaign and focus on the few months she has to live," Larry told The ENQUIRER.

The aide, who worked for Bill when he was Arkansas governor, claimed that Hillary most

likely had medical records "faked" that were released to the public showing her in good health.

Larry told The ENQUIRER: "This is the Clintons' modus operandi — their M.O. — they cover up!"

"No doubt they fabricated her medical records to the press.

"They are concealing and manipulating the truth. It

had brain cancer. Said the source: "Doctors found out that Hillary exhibited a number of symptoms linked to brain cancer."

"She's suffered from headaches, memory lapses, extreme fatigue, blackouts and vision problems."

doesn't surprise me. They are the masters of dirty tricks.

"This is how Bill and Hillary have operated for decades — it's embedded in their DNA!"

Larry said Hillary's dire health woes are no secret among their closest associates.

"The Clintons are desperate about getting back to the White House one more time," he said. "But they may have to carry her there in a coffin."

BRAD Pitt bought himself a \$385,000 Nazi motorbike — to the horror of wife Angelina Jolie, whose heart is racing over Brad's fondness for World War II memorabilia!

"Angie is furious at Brad for buying that stupid bike," an insider told *The National ENQUIRER*.

"She lets him blow tons of money on cars and motorcycles, but she draws the line at things celebrating the most hideous period in history!"

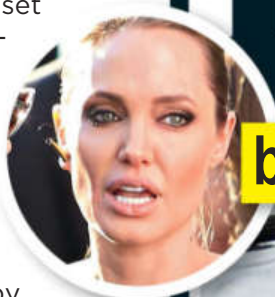

Brad, 51, developed a freaky fetish for war relics after starring in the WWII-set films "Inglourious Basterds" and "Fury." But when Brad treated himself to the three-wheeled Nazi bike — one of only 500 approved by Adolf Hitler for missions by the Third Reich — the U.N. special envoy, 40, blew a gasket.

"Angie told Brad it was a crass and embarrassing move," said a source. "She took their six kids aside to explain she didn't condone Brad buying the bike, and that she and Daddy have different views on such matters."

"She can't believe Brad would want anything associated with the bloodthirsty ethnic cleansing perpetrated by Hitler and the Nazi Party!"

BRAD'S NAZI FETISH!

Angie's fury as Pitt buys German WWII bike

Brad's vintage motorcycle was admired by Adolf Hitler

Angelina isn't the only one blasting Brad's insensitivity over the Nazi collectible. An angry former fan raged to the actor: "Shame on you for perpetuating the value of such an awful period!"

But Brad doesn't get what all the uproar is about, revealed the insider.

"He thinks he's a guy with a passion for history and motorcycles, while Angie thinks his new toy is the height of stu-

pidity — especially with her on the world stage protesting war atrocities!" the source said. "Angie now thinks Brad's ex, Jennifer Aniston, might have been right — the guy's missing a sensitivity chip!"

Angelina met with Syrian refugees in 2013

Seventh kid for Brangelina: This time from Syria!

SIX is not enough for Brad and Angelina — with *The ENQUIRER* exclusively revealing the stars are eager to adopt a Syrian refugee orphan!

"The red tape has been almost impossible at times," said an insider. "It could be

another five months before the child is brought to the U.S.!"

Angelina wanted to rescue three orphaned brothers, but Brad protested that going from six to nine children was unfair to their other kids!

In a speech in November 2013, the actress asked the world "to save a generation of traumatized, isolated and suffering Syrian children from catastrophe."

Said the source: "Nobody's surprised she is determined to do her part!" **NE**

GEORGE Clooney has cruelly dumped wife Amal on the eve of their one-year wedding anniversary, sources told The National ENQUIRER.

"The honeymoon is definitely over," said a friend, "and George has ditched Amal and gone back to hanging out with his drinking buddies while she's buried in her court duties."

At the beginning of September, human rights attorney Amal arrived in the Maldives to defend the former president Mohamed Nasheed, who is charged with terrorism.

"When he proposed, the deal was struck on very clear terms. This is a marriage of equals, and Amal takes her work far too seriously to make compromises, so the only way it can work is if George fits his schedule around her," a source claimed.

But now that businesslike arrangement is crumbling.

"IT'S A NIGHTMARE for George, and he wants out," the source said.

According to an insider, the 54-year-old heartthrob's marriage was a sham from the start, based on a "wedding contract" that the superstar regards as not worth the paper it's printed on, sources told The ENQUIRER.

"To George, his marriage certificate is just like any other contract," an insider revealed, and contracts can be renegotiated.

CRUMBLES!

■ 'Sham' experiment backfires ■ He returns to single life ■ Vicious \$220m war looms

"Unfortunately, at this point a renegotiation means a \$220 million divorce!"

As The ENQUIRER reported in July, before they wed in Venice last September 27, the glamorous Amal Alamuddin, now 37, had plenty of experience rubbing shoulders with world leaders.

That had the former "ER" star convinced his new bride could help turn him into a political heavyweight, according to insiders.

But the source told us: "Instead of being like Bill and Hillary Clinton, they've become a trashy celebrity couple like Kim and Kanye!"

"The Amal experiment has backfired badly, and he's looking for a way out."

And as The ENQUIRER also reported, George's career took a toll on his high-powered wife.

We reported in March that the stressed-out beauty has

dropped about 25 pounds since the couple's glitzy September wedding, sources said.

"Amal's gotten frighteningly thin," said a pal. "She looks like she only weighs 99 pounds!"

George has been almost an absentee husband, preferring to carry on with his bachelor lifestyle, sources said.

IN MAY, The ENQUIRER reported on how Amal often ends up as a third wheel between George and his pal, supermodel Cindy Crawford's husband, Rande Gerber.

He shoehorned him into several celebrations with his bride, including their first Christmas and Amal's birthday.

The pattern repeats George's bad-boy antics as a Hollywood bachelor.

In March Amal had read him the riot act over flirting with his stunning "Hail, Caesar!" co-star Scarlett Johansson!

"Amal and George had a

huge screaming match over that," divulged an insider.

Now she's beginning to wonder what she's gotten into.

Also in March we revealed George's double life of drugs, boozing and womanizing.

"Surprisingly, it's an even-money bet on what George likes better — alcohol or sex," a source sensationally revealed then.

It's clear booze at least is still a big part of his life. He was even caught with a flask on the red carpet in 2010.

"I absolutely know how to have a good time," he has said.

He also enjoyed a legendary list of lovers — including Italian actress Elisabetta Canalis, WWE Diva Stacy Keibler and actresses Kelly Preston, Renée Zellweger and Krista Allen — before deciding to make the politically

astute move of marrying Amal.

But George readily admits some previous relationships were disastrous.

"I have been infinitely more alone in a bad relationship — there's nothing more isolating. I have been in places in my life

where that has existed," he has said.

The ENQUIRER reported that the actor's next move will be into politics, and to achieve that he needed a glamorous, powerful wife — and it seemed Amal fit the bill.

"It was more like a contract deal than a romance for George; he believes he can get out whenever he wants.

"It seems like Amal is finally wising up to the fact that her marriage is one giant sham that's going to dissolve in a \$220 million dustup."

George's former love Elisabetta

BONKERS BIDEN! Joe's stalling on 2016 prez bid while he deals with his 'ISSUES'

Joe is still grieving but Obama wants him to run for president

DISTRAUGHT Joe Biden is still reeling from the death of his son Beau — and President Barack Obama has persuaded his fragile pal to see a shrink, The National ENQUIRER has learned.

The president wants Joe to shake his depression and mount a challenge to Hillary Clinton for the Democratic nomination in 2016.

But the 72-year-old vice president's shaky mental health is the secret reason he has delayed his third race for the White House.

The disclosure is revealed in a sensational new book titled "Unlikeable:

The Problem with Hillary."

According to author Edward Klein, Obama's chief adviser, Valerie Jarrett is desperate for Joe to throw his hat in the ring. He wrote: "The trouble was Biden had fallen into a deep depression following the death of his 46-year-old son, Beau.

"With Obama's approval, Valerie helped Biden seek psychiatric help for his depression. But she left it in no doubt that if and when Biden chose to run, he would have the complete support of the Obama White House."

HILLARY: WHITE HOUSE DREAM IS OVER!

that have raised concern about her health.

In 2005, Hillary fainted in Buffalo, N.Y. Four years later, the then-Secretary of State broke her right elbow in a mysterious fall. In 2011, she collapsed again while boarding a flight in Yemen.

The ENQUIRER also learned Hillary suffers from the early stages of multiple sclerosis. The autoimmune disease affects the brain, spinal cord and other areas of the body.

Dr. Leslie R. Matthews, assistant professor of surgery at Morehouse School of Medicine in Atlanta, told The ENQUIRER that Hillary “could have early symptoms of MS that went undiagnosed for years.”

The expert, who has not treated Hillary, said: “Sometimes MS lays dormant for years ... certainly the stress of political life would exacerbate the symptoms.”

Hillary is also hiding alcohol abuse — which has led to major depression and paranoia. The source said the driven candidate downs four or more drinks of liquor a day and recently confessed to daughter Chelsea: “I’m an alcoholic! Please help me.”

TO DETERMINE EXACTLY how long Hillary has to live, The ENQUIRER used a “longevity calculator” created by University of Pennsylvania.

Based on the information from Hillary’s secret medical

Bad headaches are taking a toll on poor Hillary

file, the results showed that Hillary has “already exceeded her life expectancy” — and it’s unlikely she’ll make it to her 69th birthday on Oct. 26, 2016 — less than two weeks before the presidential election day on Nov. 8.

Said the source: “Some insiders with knowledge of her medical state believe that Hillary could even be dead in six months’ time.”

Top New York doc Stuart Fischer reviewed the medical evidence in this report and concluded: “She’s at death’s door!”

Dr. Fischer, who has not treated Hillary, said: “Her fainting, blackouts, headaches and collapses are consistent with serious vascular blood flow problems in her brain.”

Added the source: “Sadly, instead of a presidential inauguration, Hillary’s going to get a state funeral.”

JIGGLING JESSICA’S NEWEST ASSETS

THEN

NOW!

Jessica, who turned heads in Beverly Hills Sept. 22, is a probable 38 DD; in July 2000, right, a much tinier rising pop star

JESSICA Simpson has made a couple of eye-popping changes to her image and medical experts said she’s overdone things — in a BIG way!

“Jessica has clearly had a significant breast augmentation,” said board-certified plastic surgeon Dr. Brian Glatt, who has not treated the singer-turned-fashion mogul.

Her breasts weren’t just enhanced, they were also sculpted, according to our medical expert.

“She has likely also had a breast lift,” said Dr. Glatt. As The ENQUIRER reported last summer, Jessica endured a massive 70-pound weight loss after giving birth to her son, Ace, with NFL star Eric Johnson. The dramatic change prompted Dr. Fred Pescatore, author of “The Hamptons Diet,” to crack: “She looks ridiculous at this point — boobs on a stick!”

Jessica, 35, is just 5-foot-3, and at a reported 110 pounds, is now struggling to carry what the doctors surmise is a pair of fresh new 38 DDs! **NE**

BULLOCK: Bye bye HOLLYWOOD *hello to some remote bar in* **WYOMING!**

SANDRA Bullock is set to ditch Beverly Hills to buy a bar with dangerous new boyfriend Bryan Randall in the hills of quiet Wyoming!

The curious new duo's shocking plans include moving into Sandra's \$1.5 million Jackson Hole hideaway full time with her 91-year-old ailing dad, John, insiders exclusively told *The National ENQUIRER*.

"John's at the age where it's becoming more difficult for him to be alone," according to a source close to the Oscar-winning actress.

"Sandra realizes he needs to be properly looked after, and moving everybody into her retreat is the perfect solution for everybody!"

But pals are afraid Sandra may be moving too fast with her new guy who has a troubling past. As *The ENQUIRER* exclusively revealed, Bryan is a violent drug abuser with a criminal history.

He was picked up on a DUI in 1988, tore up a hotel room in 1990 and had an order of protection levied against him by a neighbor who said the hulking 6-foot-2 photographer had menaced him in 2012.

Sandra and new squeeze, bad boy Bryan

Despite the troubling revelations about Bryan, the "Miss Congeniality" star and her dad have put his \$4.2 million log cabin-style home on the market, along with an apartment building he owns for an additional \$1.8 million.

Sandra and Bryan are also making a multi-million dollar bid to buy her favorite watering hole, The Million Dollar Cowboy bar, where she spent her 50th birthday.

Both Sandra, 51, and Bryan, 49, have told pals this is the beginning of an exciting new chapter in their lives.

"Sandy's really excited about

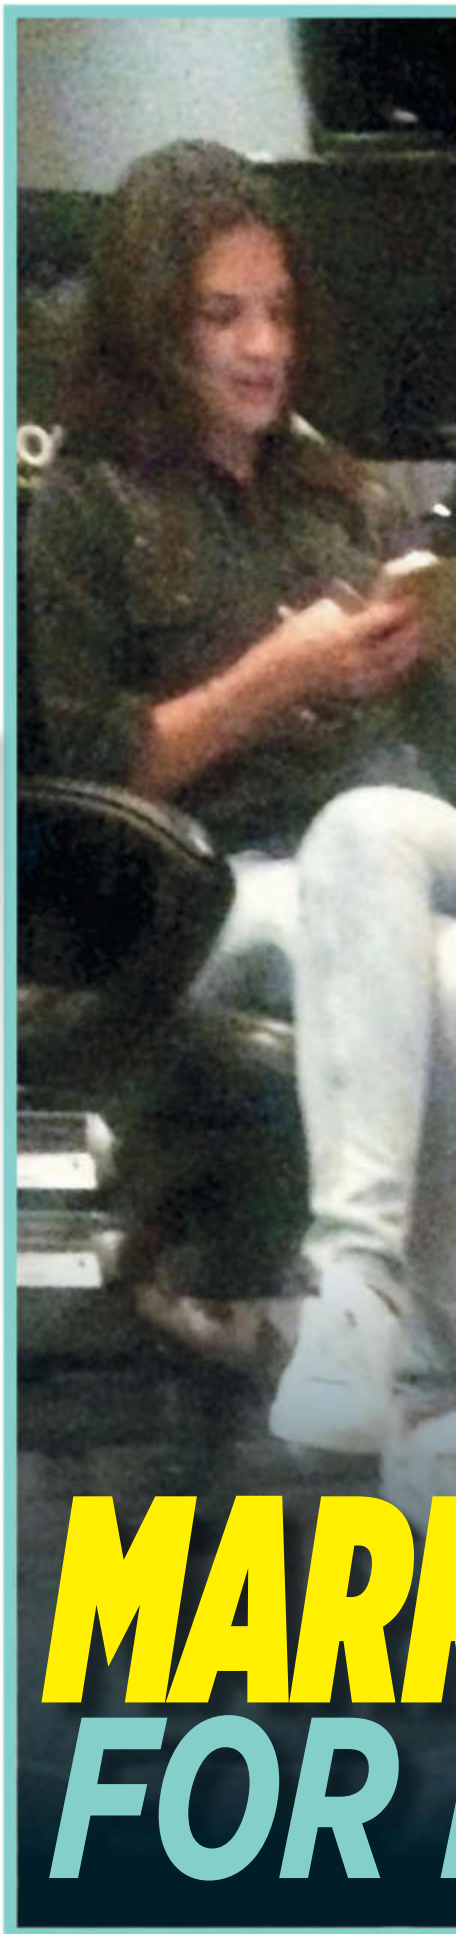

sharing this dream of opening a business with Bryan," said the source. "Now it's becoming a reality, and the bonus of being able to take care of her dad is priceless to her."

Bar owners Art and Carol Anderson told *The ENQUIRER* they've been in sales talks with Sandra and that she's one of their favorite regulars.

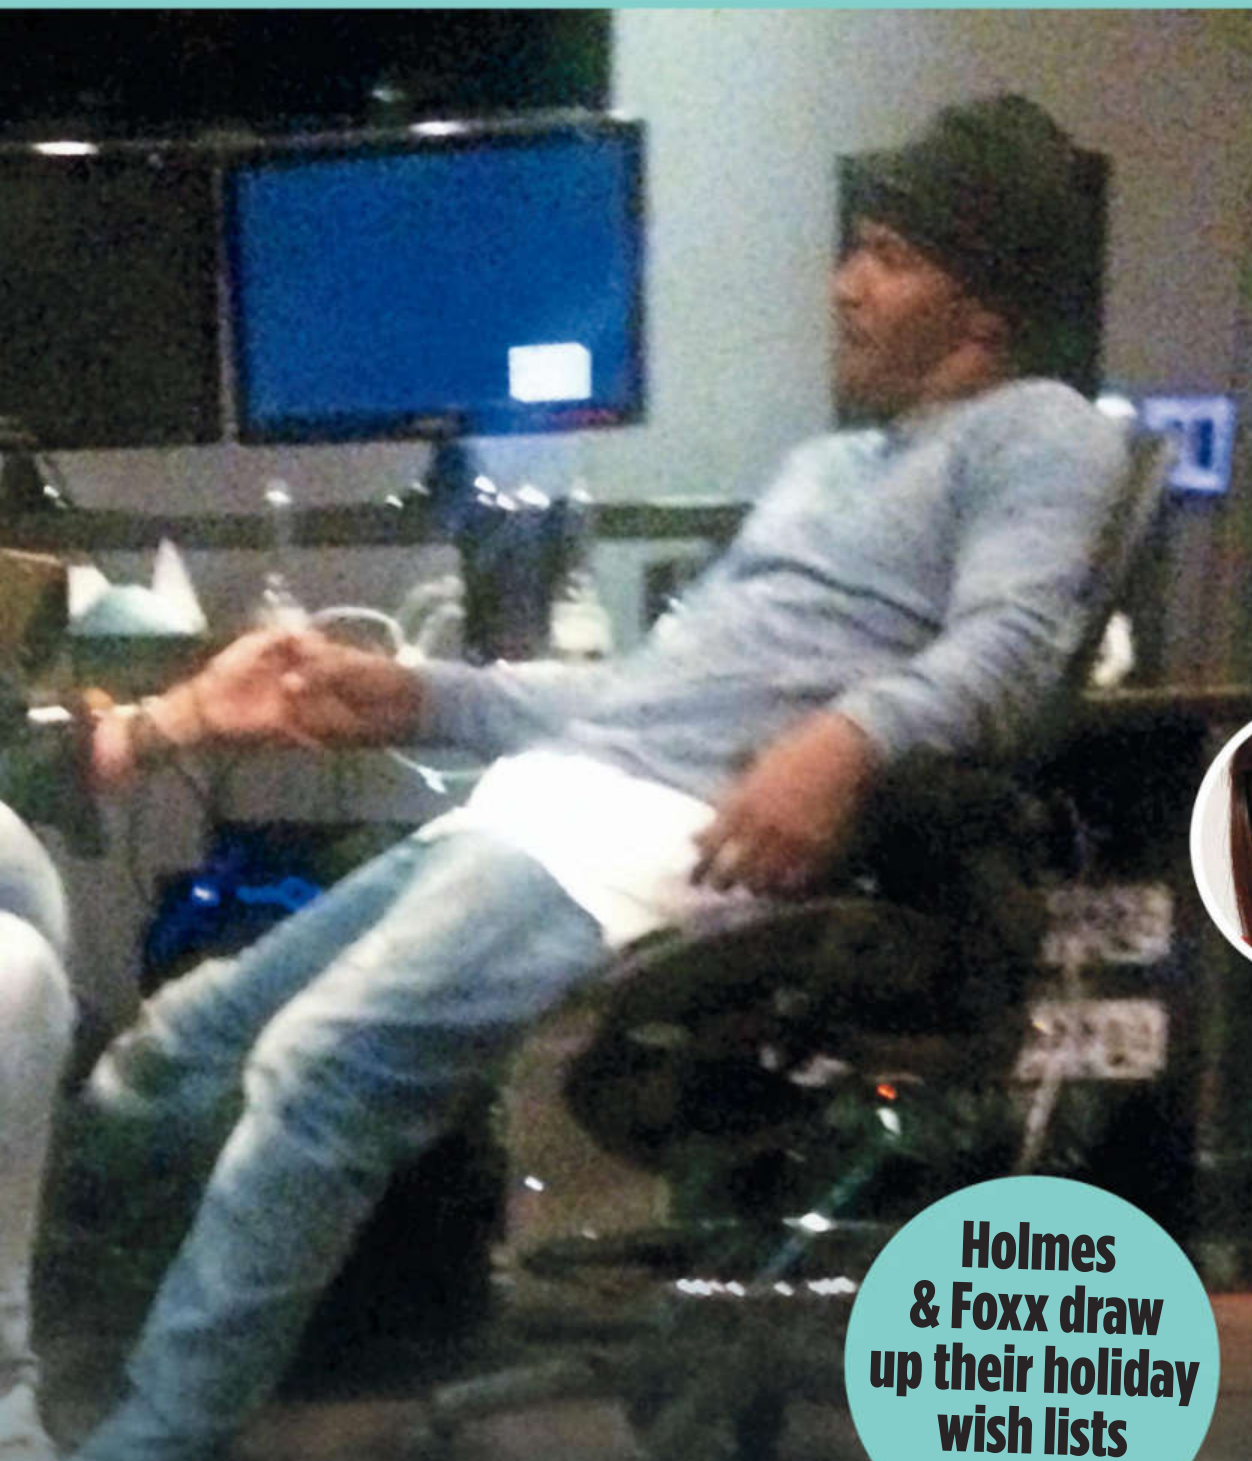

But as much as they love her, they promise to make a hard bargain for the place.

"It'll take a lot of money to take it off our hands," Art said.

Precisely \$10 million, according to sources close to the deal.

KATIE Holmes is entering into a “trial marriage” with her secret lover, Jamie Foxx, *The National ENQUIRER* has learned.

The hot Hollywood couple are eager to start a family together in the new year so Katie’s daughter with ex-husband Tom Cruise — Suri, 9 — can have another sibling, a source also told *The ENQUIRER*.

The source revealed: “While Katie and Jamie have tried to keep their romance on the down-low since her split from Tom, they’re soon going to be ready to make it public.

“They plan to begin living together at Jamie’s palatial estate in Westlake Village (Calif.), and want to start a family so Suri can have another brother or sister. She’s already become a ‘sister’ to Jamie’s 7-year-old daughter Annalise from a past relationship.

“On top of that, they’re eager to get their families together over Thanksgiving and Christmas so they can all celebrate this joyous union.”

While Katie and Jamie say they’re just good friends and have denied a relationship, *The ENQUIRER* was first to publicly reveal Katie’s “forbidden romance” with Tom’s pal Jamie back in 2013.

Added the source: “Leaving Tom may have been the best thing for Katie. She’s madly in love!” *NE*

BURN IN HELL, CHARLIE!

Happier days for
Charlie and Scottine
from last year

Scottine spat at the burning pile of memories after unleashing a tirade of curse words

Scottine was formerly a raunchy XXX film star performing under the name Brett Rossi

H OWLING, “Burn m-----r!” and flipping a flaming pile of photos the bird, Charlie Sheen’s former fiancée exorcised the vicious demons of their former life together.

A remarkable series of homemade movies obtained by The National ENQUIRER laid bare the soul-crushing pain of the 11 months Scottine Ross, 26, spent with the “Two and a Half Men” star.

In the videos, Scottine flicked photo after photo of her life with Charlie into a blazing fire pit and added their engagement album to the backyard bonfire. Then, she read a sappy inscription Charlie penned to her on the first page of “The Catcher in the Rye” — his favorite book — and hurled that into the flames, too!

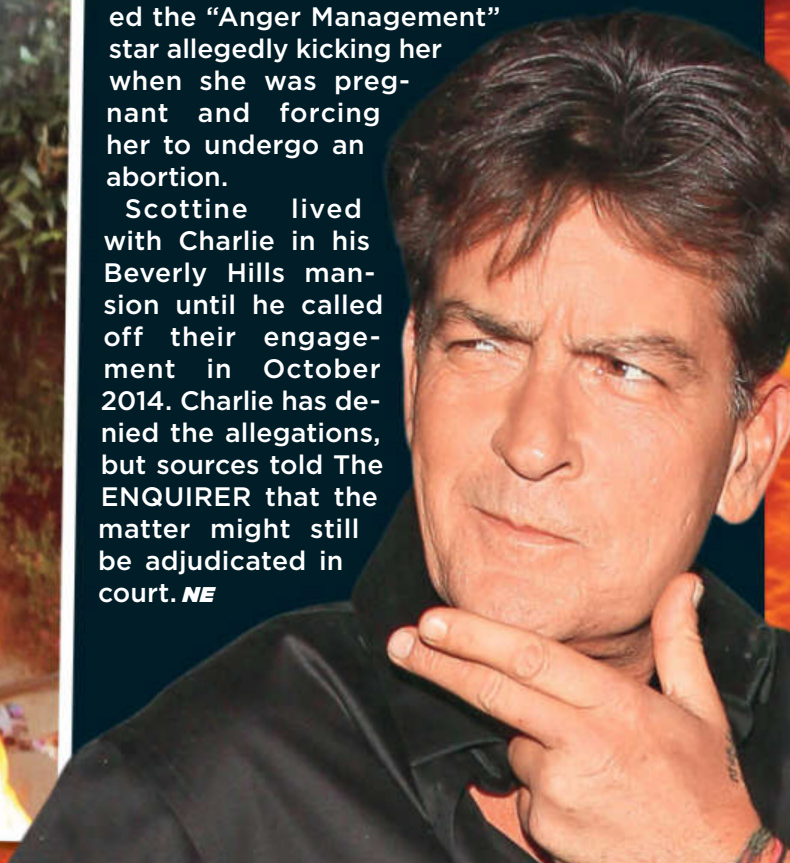

“You choked me out! You threw me on the floor! You dragged me around like a rag doll! You told me what a piece of s--t I was all the time. F--k you!” she screamed.

One photo portrayed Charlie and Scottine smiling on a beach; another showed them posing with former President George W. Bush and his wife, Laura, at a USO function.

The ENQUIRER previously blew the lid off Scottine’s harrowing time with Charlie. A source alleged the 50-year-old fiend, once the highest paid male star on television, “strangled and choked” Scottine on a number of occasions and threatened her life.

The bombshell accusations of violence included the “Anger Management” star allegedly kicking her when she was pregnant and forcing her to undergo an abortion.

Scottine lived with Charlie in his Beverly Hills mansion until he called off their engagement in October 2014. Charlie has denied the allegations, but sources told The ENQUIRER that the matter might still be adjudicated in court. **NE**

HAIR-RAISING NEWS FOR WOMEN!

HAIR LOSS can be devastating for women, but it's often a symptom of another condition! Stress, poor diet, heredity and immune deficiencies are all contributors to feminine balding. Ladies who notice substantial hair loss should consult a physician about over-the-counter options. Viviscal is an OTC

supplement that nourishes thinning hair and supplies vital nutrients, which prolong existing hair growth.

Rogaine has also been proven effective, while the dietary supplement Phytophanere promotes healthy growth of both hair and nails.

RECOGNIZING EARLY SIGNS OF MENOPAUSE

WOMEN can begin experiencing the symptoms of menopause for up to 10 years BEFORE the change of life "officially" begins! Hormone shifts and fluctuations can even occur in women as young as 35 years old! These early signs can include irregular periods, hot flashes, difficulty sleeping, forgetfulness, vaginal dryness, aches and pains and weight gain. It's never too early to consult a physician about treatments to restore a healthy chemical balance!

OM SWEET OM!

YOGA can enlighten your way to a better night's sleep! A new Harvard study showed that just 30 to 45 minutes of daily yoga sessions helped people fall asleep 30 percent faster — and reduced their incidents of interrupted sleep by 35 percent! Yoga techniques such as meditation and "alternate nostril breathing" have been proven especially effective. For example, stressed people mostly breathe through their right nostrils, which are connected to the left brain. When you're lying down to sleep, try holding your right nostril closed with your finger. Then breathe deeply and slowly through your left nostril for at least 3 minutes before releasing and breathing normally. The results are extremely calming!

OBESITY LINKED TO BRAIN CANCER!

TIME to think about dropping some pounds! Excess weight is associated with a higher risk of a type of brain cancer known as meningioma — one of the most common types of brain tumors in adults. A study showed that obesity increases the risk of meningioma by 54 percent. Merely being overweight ups the risk by 21 percent. "Exercise and weight reduction may help prevent the meningioma formation in persons already at risk for these tumors," said Dr. Gowriharan Thaiyanathan, a neurosurgeon.

A BETTER FLU VACCINE

MORE than 170 million doses of flu vaccine will be available this year! That includes vaccinations as shots, a nasal spray, a high-dose version for seniors and a needle-free injection. This year's flu shot should be more effective, too, after last year's flu fighter was mostly beaten by a mutated strain of Type A flu. Vaccinations are covered by private and government health insurance — often without a co-pay. Others might pay around \$35.

Take two and *avoid colon cancer!*

AN ASPIRIN a day might keep cancer away! It's long been believed that a daily dose of aspirin can help people in their 50s and 60s avoid heart attacks and strokes. Recent studies now suggest that daily doses can lower the risk of colon cancer! The recommendation is strongest for people in their 50s. As for adults between the ages of 60 to 69, it is strictly on a case-by-case basis. As always, seniors should consult their doctors and assess individual risk for bleeding complications before starting an aspirin regimen.

KEEP A COOL HEAD!

Seven super stress-busting tips

IT'S time to stop stressing over stress — which can be a real drain on both your health and your work!

“Stress can be a very good thing when managed well,” noted top neuropsychologist Dr. Sanam Hafeez. “It motivates us to go to work, to handle tasks and unpleasant chores, and to get ahead in life.” But no one wants to feel emotionally and physically exhausted, either.

Try beating the burnout with these smart steps to keep feeling upbeat!

■ MORE MAGNESIUM!

There's something very stressful about not having enough magnesium in your life. Fortunately, there's also a welcoming way to catch up on this vital mineral. You can always take a supplement to

help out your body's detoxification process, but there's also the very alluring appeal of a warm bath with Epsom salts. A leisurely 20-minute soak will help relax your muscles, and it will pay off with a good night's sleep!

■ STRETCH OUT

Mental stress can really wear out your body! You might not even notice how much you're constantly clenching the muscles in your back and in your neck. Some simple exercises can undo that damage daily. There's a lot of research to show that stretching, jogging and even a brisk walk will free up lots of endorphins. That's a natural way to feel great and get all the benefits of some medications!

■ AS EASY AS BREATHING

Don't take your lungs for granted! Give them some help by meditating on your breathing. That means taking some quiet time and actually concentrating on inhaling and exhaling. This isn't just some psychological soothing, either. A daily session of steady breathing will also provide physical benefits, including lowered blood pressure.

■ JOT IT DOWN

Dr. Hafeez advised: “Writing in a diary — or even in the Notes tab on your smartphone during the day — allows you to vent and lower stress, and even prevent an unnecessary meltdown or confrontation.”

■ MANAGE YOUR STRESS

“Keep to-do lists and calendar appointments for all your tasks,” said Dr. Hafeez. “This way, that nagging feeling of ‘missing something’ is reduced, allowing you to focus on what's important.”

■ SUGAR'S NOT SWEET

There are all kinds of alarming finds about too much sugar consumption — including the bitter news that too many sweets can really escalate your stress! Consuming cake, candies and cookies will lead to big spikes in your blood sugar. That's an easy way to suddenly start triggering depression or anxiety! So stay away from the candy machine!

■ THINK ABOUT YOUR PROBLEMS!

“Challenging your own defeatist and negative thoughts is very important to keep debilitating stress at bay,” said Dr. Hafeez. “Cognitive behavioral techniques like questioning your attitudes and assumptions — and replacing them with positive and more rational ones — is proven to be effective for stress.” **NE**

HOW THE **ENQUIRER** NAILED O.J.

**Photo of Simpson's shoes swung
civil wrongful death case!**

THE National ENQUIRER's case-breaking photos of O.J. Simpson's infamous footwear — which provided key evidence tying the disgraced football star to the brutal slayings of his ex-wife Nicole and her friend Ron Goldman — are prominently featured in a new TV special.

The ENQUIRER published pictures of O.J.'s Bruno Magli shoes — the same type of shoes police linked to the killer behind the gory murders.

While O.J. was acquitted of the killings, the stunning photographs provided key pieces of evidence that eventually nailed O.J. in the civil wrongful death lawsuit court trial, according to the A&E/LMN documentary about the murder of the century.

The show, titled "O.J. Speaks: The Hidden Tapes" — scheduled to air Oct. 1 — also features a never before seen video deposition of a flustered O.J. stammering as he tried to deny wearing the rare shoes that left bloody footprints at the crime scene where Nicole and Ron's bodies were found June 13, 1994.

"I would have never wore those ugly ass shoes," O.J. is seen saying in a 1996 deposition for the civil lawsuit suit filed by Ron Goldman's father.

While staring at the photograph unearthed by The ENQUIRER and asked point blank if the Bruno Magli shoes he was wearing were his, an uncomfortable and evasive O.J. says, "No."

Daniel Petrocelli, the lawyer who represented the Goldman family in the successful \$33.5 million civil lawsuit against O.J., called The ENQUIRER "The paper of record for the Simpson case."

In a companion show titled "The Secret Tapes of the OJ Case: The Untold Story," airing Sept. 30, Ron Shipp, a former LA cop and O.J. pal, tells film makers O.J. was nervous about taking a lie-detector test: "I'm thinking, 'Oh, my God, I think he did it. I think he actually killed her.'"

- DOUG MONTERO

O.J. denied the tell-tale "ugly ass" shoes were his, but The ENQUIRER's camera never lies!

'BLACK-ISH' NIGHTMARE

THE star of hit ABC show "Black-ish" was slammed with divorce papers by his long-suffering wife, and sources told The National ENQUIRER a battle may ensue over custody of Nathan, the youngest of their two kids.

Anthony Anderson's wife, Alvina, called it a "wrap" on their 20-year marriage on Sept. 25.

In court papers, Alvina said they separated in April 2014, and are divorcing because of "irreconcilable differences."

The children are Kyra, 19, and Nathan, 15.

UNLUCKY-IN-LOVE GLENN

FATAL Attraction" star Glenn Close is facing the end of another marriage!

The National ENQUIRER has learned man-hungry Glenn, 68, and venture capitalist David Shaw, 64, have split after nine years.

"There won't be a money battle over her \$50 million fortune — she signed him to an ironclad pre-nup," a source told The ENQUIRER.

Added a source, "After her track record with men, she probably knew this one, too, wouldn't last."

'KANYE SEEMS COMPLETELY TURNED OFF BY HER'

HER BOUNTIFUL
BOOTY HAS
GOTTEN MASSIVE!

With three months to go
until baby No. 2's arrival,
Kim's already packed
100 pounds on her
curvy 5-foot-2 frame

KIM Kardashian is facing a baby weight disaster — as her second pregnancy progresses, the reality star is blowing up bigger than a Thanksgiving parade balloon!

As this incredible National ENQUIRER picture shows, 34-year-old Kim's figure has, according to friends, exploded by some 100 pounds — even though she's not due to deliver her second child, a son, with husband Kanye West, until December!

"Kim's breasts are freak-show huge. She has shocking stretch marks and sagging breasts. Kanye doesn't even find it attractive. It breaks Kim's heart that Kanye seems completely turned off by her," a Kardashian family insider said.

"Kim has also developed a double chin, her feet don't fit in normal-sized shoes anymore — and her upper arms look like tree trunks!

"Her self-esteem is wrecked, and with her appearance being her bread and butter, Kim's earning power has to be tak-

ing a hit," dished the source.

As The ENQUIRER has reported, the 5-foot-2 mom of daughter North, 2, put locks on her refrigerator and hired a "baby whisperer" in a desperate attempt to keep her runaway weight in check.

Dr. Stuart Fischer, an internist and author of "The Park Avenue Diet," believes Kim has once again exploded — this time with three months to go before giving birth — and hit the 220-pound mark, which he charged "is absurd."

"A pregnant woman is only supposed to gain 40 pounds over nine months," revealed Dr. Fischer, adding that if Kim's nutrition is poor, it could put the unborn baby at risk for hypertension, high blood pressure and abnormal kidney function.

Said the insider: "It's outrageous that Kim didn't learn from the mistakes of her first pregnancy.

"You'd think after being name-called 'Shamu' during her first pregnancy, Kim would clean up her eating habits and stick to a fixed exercise regime.

"She's only accentuating the extra pounds by wearing figure-hugging, skin-tight outfits." **NE**

RIHANNA
Snubbed Taylor's
invitation to join

Taylor's swift REVENGE

THERE'S no "Blank Space" in Taylor Swift's "burn book" — the peeved pop superstar has filled up every page of her nasty notepad with names of enemies!

"Katy Perry, Nicki Minaj, Rihanna, Justin Bieber — they're all in there," a former friend dished to All The Buzz.

"So are people from her school days, along with a teacher who once told her she couldn't sing, plus a woman in a restaurant who was rude to her!"

The singer-songwriter, who has already served up plenty of cold revenge in her kiss-and-tell hit tunes, hates being crossed — as was recently revealed when Taylor went after rapper Nicki Minaj following a perceived slight on social media.

"That was really embarrassing," recalled the source.

"It turned out Nicki wasn't saying anything about Taylor, but she just assumes that everything is always about her!"

There's still hope that the 25-year-old diva will grow out of her obsessive need for vengeance, the source added.

"She might change as she gets older — but for now, Taylor's the most malicious person you could meet, and is constantly scheming over ways to have the final say!" said the source.

Insiders are also worried that Taylor has noticed how vengeance has paid off on the pop charts.

"Ever since the success of 'Bad Blood,' Taylor has quit caring about trying to pass as sweet or sincere," warned the insider. "Don't cross swords with her, because she thinks it's a good investment to plot her revenge!"

Come fly with Frank!

WHEN things got too hot in his other Palm Springs home, Frank Sinatra would grab a helicopter to his sprawling estate, Villa Maggio.

He usually brought along pals like Dean Martin and Sammy Davis, Jr., too — so there's a lot of history in this home that's selling for a mere \$3.95 million!

The five-bedroom property was picked up by Frank's longtime pal Naomi Ritz. She was careful to keep it "pure Sinatra."

Frank's old haunt still looks like a rustic lodge. And, in true Sinatra style, two of the bedroom suites connect via secret passage — for discreet visitations!

CATTY CHRISTINA

VEGAS is for losers, laughs Christina Aguilera — and Jennifer Lopez, Britney Spears and Mariah Carey aren't happy!

The diva disaster started when Christina's manager, Irving Azoff, said she wouldn't join Britney, Mariah and J.Lo in doing a greatest-hits show in Vegas, because his client "hadn't peaked yet" and is "in the prime of her career."

"Christina will have to do some damage control, but she's not mad at Irving," an insider told All The Buzz. "She said, 'I won a Grammy this year! Why would I go to Vegas and join Britney and Mariah in being an oldies act?'"

The 34-year-old pop diva — who hasn't released an album since 2012 — likes working less, too!

"I don't have to spend three nights a week reliving the past," Christina scoffed. "I'd get more fans doing a season of 'The Voice!'"

Jenner's drag past!

BRUCE Jenner's ex-wife is ready to call Caitlyn all kinds of things!

Linda Thompson — who was married to Bruce Jenner between 1981 and 1986 — is releasing a tell-all that exposes her Olympian ex-husband as a guy who couldn't commit to more than just a gender!

"Her book exposes big secrets," a source told All The Buzz, "including that Bruce was already cross-dressing during their marriage!"

The angry ex, 65, is also ready to reveal how Bruce bounced on the couple's two boys after

their split.

"Bruce completely abandoned Brandon and Brody," said the insider.

"Everything changed after he married Kris Kardashian. He didn't even call his kids on their birthdays!"

Caitlyn is already worrying about how the upcoming HarperCollins release will impact her E! reality show.

"Linda wants people to know that Caitlyn's a selfish creep who just cares about fame."

BIGGER Bond girl

007 COULD meet a pair of DDs if the James Bond producers land “Mad Men” maven Matthew Weiner to take over the films — and bring along Joan, aka Christina Hendricks, as a new Bond Girl!

“A lot of people on the team are big ‘Mad Men’ fans,” said a source.

“They want Matthew to bring back that swinging ‘60s style to the franchise — and a built beauty like Christina really catches that vibe!”

The 40-year-old redhead may also benefit from this year’s upcoming “Spectre,” where Monica Bellucci becomes a first-time Bond Girl at the age of 51!

Bad dog Dennis

A FIGHT broke out on the set of the new Dennis Quaid movie — and it was all Batman’s fault!

Now the star is apologizing for the antics of his fighting French bulldog.

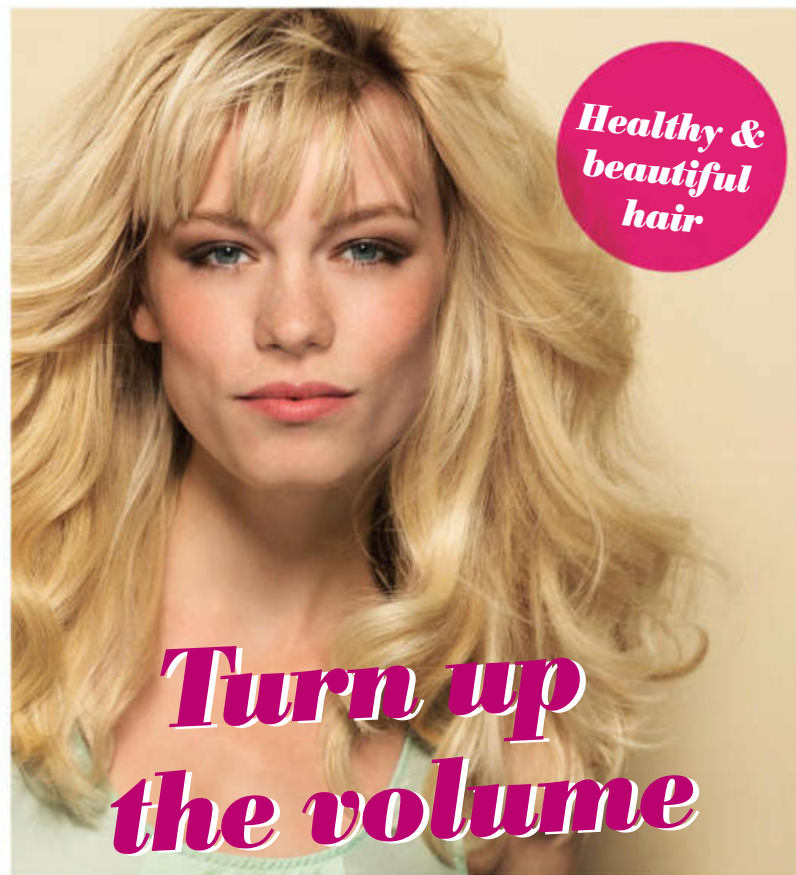

Dennis, 61, brought both of his dogs on the set of “A Dog’s Purpose,” and bad boy Batman didn’t care much for the pup in the starring role!

Soon there was mayhem as the Frenchie attacked the leading canine — and chomped some crew members, too!

An embarrassed Dennis immediately confined both of his pets to his trailer!

Rachel, 44, is deeply upset at not being able to give her 47-year-old husband the child he wants so badly — while Daniel hates to see his wife stressed out over their attempts.

"Daniel's an incredible dad to Rachel's 9-year-old son, Henry, from Darren Aronofsky," the source added.

John, 64, and Meg, 53, made sweet music together for five years but the relationship unraveled when he refused to move to New York from his "Small Town" in Indiana! Now the "Uptown Girl" is getting antsy for the same reason.

"Christie is a real New Yorker," said the source, "but John insists that Indiana is his home."

Insiders claimed that John even began planning an Indiana Christmas with 61-year-old Christie — but she declared: "No way!"

Dished our spy: "They've only been dating a few weeks, but Christie is already complaining that John is a drag!"

John's love for the heartland keeps breaking hearts

VITO SHOCKED AS HEIDI SAYS 'I DON'T!'

HEIDI Klum's announcement at the Emmys that she'll never wed again has her 29-year-old boyfriend, Vito Schnabel, ready to find a new model to marry!

"Vito was shocked," a source said. "He always thought it was only a matter of time until they married!"

The 42-year-old mom of four has been married and divorced twice, and said she's done with getting hitched.

"Heidi likes the way things are," the source said. "She feels that her career and her kids don't leave room for another marriage."

The supermodel's public statement has the art dealer struggling to decide if he should stay with the woman he loves or start looking for a new girl. "Heidi's not ready to walk down the aisle, so Vito may be ready to just walk!" said the source.

SEXPOT JACKIE BEDDED BRANDO & HAGMAN!

They couldn't resist her *TEENAGE JAILBAIT CURVES*, Collins confessed

JACKIE Collins lived her life like it was torn from the pages of one of her own racy novels!

The best-selling author — who died at 77 on Sept. 19 after a six-year battle with breast cancer — had affairs with Marlon Brando and Larry Hagman while she was just a teenager.

Jackie, who sold over 500 million copies of her novels, featuring her trademark blend of highly sexualized female empowerment, also maintained a life-long feud with her sister, actress Joan

Collins, 82. Jackie shockingly didn't tell Joan she was dying until two weeks before the end!

As a young teen, Jackie moved in with her older sister, who introduced her to a host of Hollywood acquaintances, including Marlon.

"Marlon was in his early 30s and I was about to be 16," Jackie recalled.

"He stared straight at my 39-inch chest and said, 'That's a great-looking body you have, little girl.' We had a very brief but fabulous affair — he was at the height

of his fame and glamour."

Before Marlon, she and Joan both dated Larry Hagman, then 19, who would go on to fame as J.R. Ewing on the

hit TV series "Dallas."

Larry was quoted as saying: "I never got anywhere with them, but boy, they were lots of fun." Had he known Jackie was jailbait at just 13, Larry probably never would have dated her!

Late in life, Jackie also developed an obsession with Irish hunk Colin Farrell.

She once told a writer: "Did you ever see the Colin Farrell sex tape? My God, he's got an enormous (BLEEP), and he comes walking towards the camera with it. You've got to get hold of it!" **NE**

Beaming For Adventure

It wasn't until Captain Kirk, Mr. Spock and Dr. McCoy stepped into the transporter to beam down to a distant planet that any episode of Star Trek really lit up the small screen. Now, this pivotal moment inspires The *Star Trek* Transporter Lamp, available exclusively from The Bradford Exchange.

The three-dimensional sculptural base captures Kirk, Spock and McCoy just as they begin to dematerialize, in a stunning combination of crystal clear and hand-painted fine artists' resin. The surrounding area of the Transporter pad is finished in the gleaming silver, black and red-orange of the Original Series. A custom lampshade features the Enterprise in her full glory in orbit around an "M" class planet. It's crowned with the Starfleet delta as a finial.

ASK THE VET

WITH DR. JEFF LACROIX

Owning a pet can be a rewarding but often puzzling experience. ENQUIRER columnist, top veterinarian Dr. Jeff LaCroix, answers the toughest questions about your four-legged friends.

BLADDER STONES

Our Lhasa Apso had surgery for bladder stones twice. Will they come back again? Briefly, there are two types of bladder stones. *Primary* stones

form when the body is unable to keep certain minerals in solution, and they begin to precipitate out and form a stone in the urinary tract. *Secondary* stones form as a result of a urinary tract infection (UTI).

Pre-surgery, it is key to establish if a lower UTI is present and, if so, treat it. If the stone is analyzed in a lab and found to be a secondary stone, treatment of the UTI should prevent

any recurrence of the stones.

If no infection is present, stone analysis is still important because it allows the veterinarian to use diet changes and/or drugs to lessen the likelihood of a recurrence.

In all cases it would help if water intake is increased.

Send your pet questions to Ask The Vet, National Enquirer, P.O. Box 1831, New York, NY 10156 or email letters@nationalenquirer.com.

Buildings and Cove
Light Up!

Not available in
any store!

Entire display
measures 14.25" x 6" x 5".

For over half a century, the unforgettable story of Rudolph the Red-Nosed Reindeer® has delighted young and old alike. This year, make a welcome visit to *Rudolph's Christmas Cove*, available only from Hawthorne Village. This sculptured miniature village is inspired by memories of some of the most beloved characters in the world.

Hand-crafted with delightful charm

Each edition is individually hand-crafted of fine artist's resin, hand-painted with the most delicate of brushes, using a multitude of hues to re-create your favorite characters. The hand-assembled, holiday-decorated buildings that circle the Cove illuminate. And, what's more, the subtly underlit "ice" in the Cove itself gives the scene a wonderful blue glow. *Rudolph's Christmas Cove* Masterpiece can be yours for \$149.95, payable in five easy installments of \$29.99*, the first billed before shipment. With our best-in-the-business 365-day guarantee, your satisfaction is assured.

HOW TO PLAY

You must fill in every empty square in the Sudoku grid. There's no right way of going about this, but there is only ever one solution. The big grid is split into nine mini-grids. There are nine rows running left to right and nine columns running down. In every row, you must have each of the numbers 1, 2, 3, 4, 5, 6, 7, 8 and 9. These can be in any order. The same applies to columns and mini-grids: place every number 1 through 9 in each column and in each mini-grid.

Kayakers' terror as
50,000-lb whale gets
frighteningly close

KILLER IN THEIR MIDST

TWO tourists were nearly crushed like a couple of tiny seashells by a 50,000 pound humpback whale when they signed up for a kayak tour of Monterey Bay in California.

London adventurers Charlotte Kinloch and Tom Mustill paddled out with a whale-watching tour group and were practically poleaxed by one of the most enormous

creatures of the deep.

Like a scene from a horror movie, one of the massive 50-foot sea monsters rocketed out of the water and blocked out the sky above Charlotte and Tom — before descending like a terrifying 50,000 pound depth charge!

"The only thing my brain registered was ... that when it came down, I was going to die!" said Tom.

The whale grazed their kayak — but narrowly missed the two paddlers, who were catapulted like swim toys into the surf!

"It felt like being in an avalanche, like a bus landing on us," Charlotte recalled of the colossal collision.

The terrified kayakers surfaced, saw each other and instantly burst out laughing — "because we didn't know

what else to do," said Tom.

Their fellow whale watchers were able to paddle the lucky survivors to shore as the enormity of their near-miss hit them like, well, a humpback whale.

"At the dock we started to shake," Tom said. "We agreed that no one would believe us, and they didn't, until a video popped up online."

The locals have no idea why the massive mammal breached directly onto Charlotte and Tom.

"One should realize that humpback whales are wild animals and totally unpredictable," said Captain Mike Sack of Sanctuary Cruises.

"I am now left with a question: Did the whale do it on purpose?"

Fortunately, both Tom and Charlotte were unharmed and able to tell this whopper of a fish tale, which tops this week's Odd List! **NE**
